

NVQ WALL & FLOOR TILING

Level 2

- This qualification has been designed by the CITB to meet the specific needs of the construction industry. They are suitable for all those working in this specialised area and cover general requirements such as health and safety legislation as well as specific job-related skills and abilities.
- Employees can get their CSCS card on successful completion of the NVQ and the CITB Health & Safety test.
- This programme is delivered and assessed in the workplace. An assessor will visit the employees to develop a tailored training and assessment plan. Assessment is extremely flexible and is arranged in negotiation between the employer, employee and college assessor.
- Assessment time varies, but generally the qualification is completed within 3-6 months over 6-10 visits.

NVQ - National Vocational Qualifications: A qualification to ensure competence in the workplace
