

E-TYPE 2 Day Course

Backed by the British Computer Society (BCS), e-type is an easy and fun way to learn how to touch type. You can increase your typing speed and efficiency – improving confidence in just two days (14 hours).

E-type is suitable for anyone who is looking to:

- Learn to use a computer keyboard effectively
- Become more confident when using a computer
- Improve the speed and efficiency at which they type
- Formally accredit your typing speed

The e-type tests consist of a 5-minute examination that tests the speed and accuracy of your typing. There is also an optional 5-minute assessment test which will clearly indicate whether or not you are ready to take the test for real.

The tests are marked electronically, and therefore you will be presented with your result on-screen immediately after you have completed the test.

There are three e-type qualification grades based on typing speed and accuracy

- **BRONZE** 20 words per minute at 98% accuracy.
- **SILVER** 40 words per minute at 98% accuracy.
- **GOLD** 60 words per minute at 98% accuracy.

**£220 per person +VAT (lunch included)
